ABOUT US

DID YOU KNOW?

Unless PLA plastic is disposed of properly, it has the same negative impact on the environment as non-plant-based plastics.

At Alder-Tek Manufacturing, we're committed to enhancing our customers' brand by manufacturing premium single-use wooden utensils and driving positive impacts for the environment and the world.

- Our premium cutlery is 100% biodegradable and compostable, regardless of where it is disposed.
- With decades of experience in manufacturing and logistics, Alder-Tek can fit into any distribution system.
- We maintain the highest possible standards of Social and Ethical responsibility through our entire production process.
- You can mix and match your bundles with the option to add customized branding.
